

PUBLIC NOTICE

DRAFT FY 2027 – 2033 Transportation Improvement Program

Bannock Transportation Planning Organization (BTPO) is an agency designated by the Governor of Idaho to conduct a continuous, comprehensive, and cooperative transportation planning process in the urbanized area under the direction of officials for the cities of Pocatello and Chubbuck, Bannock County, and Pocatello Regional Transit, in conjunction with the Idaho Transportation Department.

Under federal requirements, BTPO has the responsibility to develop an annual Transportation Improvement Program (TIP) for the urbanized area.

The draft Transportation Improvement Program (TIP) lists proposed projects for the next four years plus three additional planning years. The TIP is a compilation of projects from various Federal, State, and Local funding programs. The TIP is fiscally constrained, meaning that the funding source for a project must be identified and anticipated to be available for completion of the project.

To review the draft TIP, to provide feedback, and learn more about the transportation planning process:
